

explain it in 60 seconds

Why is particle physics important to the United States?

This Friday, April 26, between 10:00 a.m. and 3:00 p.m., you will have the opportunity to practice answering this important question—and speaking on camera—as part of the *Explain it in 60 Seconds* video project.

A team from *symmetry* magazine will record here at Argonne and at the Snowmass meeting this summer. We will post the best of these videos.
